

# The Tales of Time by L. Marie Wood

## (The Open Book Universe)

### Book Info Sheet

**Blurb:**

In *The Open Book*, award-winning screenwriter and novelist L. Marie Wood told the world about a ravenous magical book. *The Tales of Time* looks perfectly innocent, maybe a little old-fashioned, nothing to be afraid of. But anyone who opens its cover finds a bespoke tale of unspeakable horror created just for them. A tale that will devour them alive, body, mind and soul.

Don't you want to peek inside? There are so many lovely stories here about so many lovely people—lovers, parents, monsters, crooks, each with their own terrifying tale to share. Who knows?

You might even find a story written just for you.

*Tales of Time* is best enjoyed with its companion volume, *The Open Book*.
